Land Acquisition cases in the Bangalore city Municipality

The Rule about the L A Officer seeking instructions of the Deputy Commissioner in certain cases is not a rule issued under the Regulation but is a departmental instruction So long as the Municipal Commissioner who is of the Rank of a Deputy Commissioner is entrusted with acquisition work, I see no objection to these Departmental instructions being amended on the lines indicated in the minute of the Second Member

I should, however suggest the desirability of reconsidering the G O of 22nd July ~~1256~~ 1926 making the Municipal Commissioner the L A O for Bargalore City in all cases of acquisition of land whether required for the Municipality or for Government or a Company This arrangement was ordered to ensure speedy disposal of acquisition work But now it turns out that the Commissioner cannot spare time and Government have had now to post an Assistant Commissioner for acquisition work in the City It may be that the Municipal Commissioner is more intimately acquainted with land values in the City than a revenue officer, but there are several considerations which make it desirable that the L A work in the City should be under the control of the Deputy Commissioner who is the representative of the Government in the City as well as in the rest of the District.

A If the Municipal commr is to be relieved of acquisition work, it will have to be entrusted, as a rule, either to the Personal Asstt to the Dy Comm or to the Sub Dy Officer, Bangalore Sub Div, a Special officer being appointed, as in the present instance, when large schemes are taken up.

The Rev Comm may be consulted

Rmr 10/11/35

A As regards this, I do not see any urgent reason for relieving the Comr who is ~~of the rank of~~ a Dy Comr of the acquisition work. As it has been ordered that he sh consult the Dy Comr of the Dt in cases where the award is likely to exceed Rs 10000, the necessary
